COMMERCIAL CAPABILITIES

Craft Furniture excels in high-end commercial woodworking for the hospitality, office interior, and retail industries. Our diverse commercial offerings encompass side tables, drinks units, servers, reception desks, display units, and more – all meticulously handcrafted from premium wood materials.

We collaborate closely with architects, designers, clients, and property developers to bring unconventional ideas and exacting interior visions to life through our custom wood fabrication solutions.

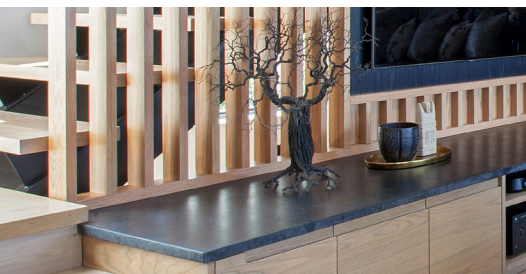

RESIDENTIAL SOLUTIONS

For residential projects, Craft Furniture partners with clients to create luxury, bespoke wood furniture tailored to your unique needs and aesthetic preferences.

Our skilled artisans work with the inherent beauty of wood to craft fitted and freestanding pieces that add warmth and character to living spaces.

From traditional to contemporary designs, we ensure each custom furniture piece reflects our commitment to true craftsmanship using nature's finest raw material.

WHY CHOOSE CRAFT FURNITURE

Our Expertise

- Design & Conceptualisation
- Material Solution Finding
- Site Templating & Measurements
- Technical Drawings (AutoCAD)

Our People

Our commitment to investing in the right machinery reflects our dedication to our people, ensuring they have the best equipment available to produce high-quality work. By strategically integrating advanced machinery at every step of the production process, we empower our team to achieve accuracy, efficiency, and volume, setting us apart from our industry competitors.
