

CONTINUA

TILES | SLABS | DESIGN | SELECTION | INSTALLATION

AN INTRODUCTION

Continua is a retailer, fabricator and installer of premium tile and slab surfaces in Cape Town. We offer a comprehensive range of exotic and contemporary tiles as well as large format slabs across porcelain, natural stone and quartz.

We specialise in creative solutions for a wide range of applications, including wall cladding, floor tiling, custom furniture, and kitchen countertops. Our expert technical team will guide you from product selection through to design and installation, ensuring a seamless and stress-free experience.

OUR FOUNDERS

Husband and Wife team, Serkan and Karen Guvenilir bought Natural Stone Warehouse in 2015 which was rebranded to CONTINUA in 2018.

Together they built the company from the ground up and have since become a well-known, respected business and brand that continues to grow from strength to strength under their dedicated and passionate vision.

OUR PROCESS

1. BRIEF

To get started on your project, you can either visit our showroom in Paarden Eiland, or we can meet you on site to better understand your project's look, feel, and scope of work.

2. MATERIAL SELECTION & DESIGN

We will present you with a range of material options based on both aesthetic and functionality. You can either provide us with your own drawings or utilise our in-house design team to bring your vision to life with technical drawings and 3D renders.

3. APPOINTMENT & FINAL MEASUREMENTS

Once you choose Continua as your appointed stone experts, we will send a templating team to your site once it is ready for templating.

4. FABRICATION

After we have taken the final measurements, your project will be put into production using the latest sizing and drawings. We will schedule an installation date with you.

5. INSTALLATION

After strict quality checks, our installation technicians will come and install the stone.

6. HANDOVER

After installation has been completed, a Continua team member will meet with you on site for the final handover.

THE EXCELLENCE GROUP

Continua is brought to you by The Excellence Group

The Excellence Group is made up of multiple award-winning interior design, manufacturing and installation companies. Our offering includes a combination of international and local products, from luxury glass kitchens to locally handmade furniture, imported Italian wardrobes to custom cladding solutions.

We aim to present the residential and commercial industry with a world-class collection of owner-run, innovative companies that in turn, are able to interpret and bring our clients' visions to reality through our extensive basket of offerings.
