

INFIN8 SURFACING

Infinite Possibilities

WELCOME TO OUR WORLD OF INFINITE POSSIBILITIES!

Infin8 Surfacing specialises in engineered surface solutions for residential and commercial properties. With our expertise in solid surfacing products, we collaborate closely with clients to understand their unique requirements and deliver superior, seamless design solutions tailored to their needs. Our industry-leading fabrication processes and capabilities mean that we can offer a 10-year product warranty and a 10-year workmanship warranty thanks to our international Quality Network Fabricator certification. State-of-the-art machinery enables accurate, innovative, and volume-focused manufacturing in our 1200m² Cape Town factory

Our success is driven by our team of over 35 dedicated professionals who combine technical expertise with a passion for design and a commitment to exceptional service. Our strength lies in our flexibility and accommodating approach – qualities that mirror the solid surfacing materials we work with daily. Whether for residential or commercial applications, Infin8 Surfacing is your trusted partner, delivering superior solid surfacing solutions from concept to installation.

INFIN8 SURFACING

Infinite Possibilities

COMMERCIAL CAPABILITIES

Infin8 Surfacing offers diverse commercial solutions fabricated at our 1200m² factory in Cape Town. We excel at high-end projects for the hospitality, office interior, and retail industries.

Our commercial capabilities encompass reception desks, designer wall cladding, executive desking, office furniture, and more. Whatever the commercial application, we collaborate closely from concept to installation to deliver exceptional solid surfacing solutions tailored to your needs.

INFIN8 SURFACING

Infinite Possibilities

RESIDENTIAL SOLUTIONS

For residential projects, we partner with you from initial concept through final installation. Infin8 Surfacing specialises in high-end solid surfacing applications for the home.

Our solutions include refined vanities, sleek wall cladding, and durable yet stylish kitchen countertops and surfaces. With our expertise, we transform living spaces with the beauty and seamless design of solid surfacing materials.

WHY CHOOSE INFIN8 SURFACING

Our Expertise

- Design & Conceptualisation
- Surface Solution Finding
- Site Templating & Measurements
- Technical Drawings (AutoCAD)
- Wider offering with timber-specialists, Craft Furniture

Our Machinery

In addition to our investment in people, our strategic investment in machinery has set us apart from our industry competitors in that it has allowed us to ensure accuracy, efficiency and volume.

We have intentionally placed machinery at every step of the production process when designing our factory.

Features & Benefits of Solid Surfacing

Seamless Joining

Solid surfacing joins seamlessly when using an adhesive, meaning you are left with one uninterrupted design unit.

Thermoformable

By heating solid surfacing material to 160 degrees Celsius, the material softens making it flexible enough to mould and bend into infinite designs of all shapes and sizes.

Durable and Hygienic

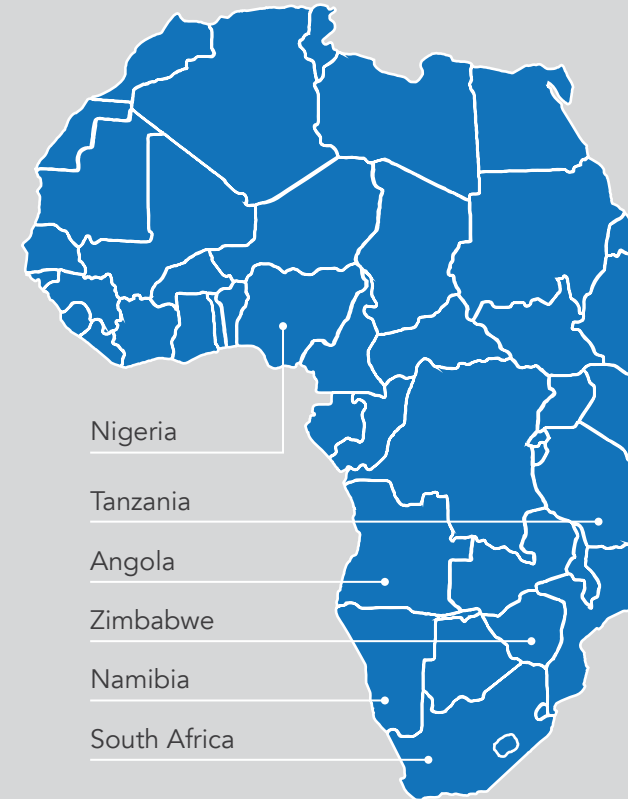

Solid surfacing is non-porous and will never delaminate, ensuring no infiltration of germs and liquids. This means mould and bacteria have nowhere to grow.

Repairable & Re-Polishable

All solid surfacing can be fully repaired if damage occurs – we place a piece of material, that matches the colour of your surface, as an inlay to fill the damaged area.

Where Have We Worked?

Where to next?

Our Founder

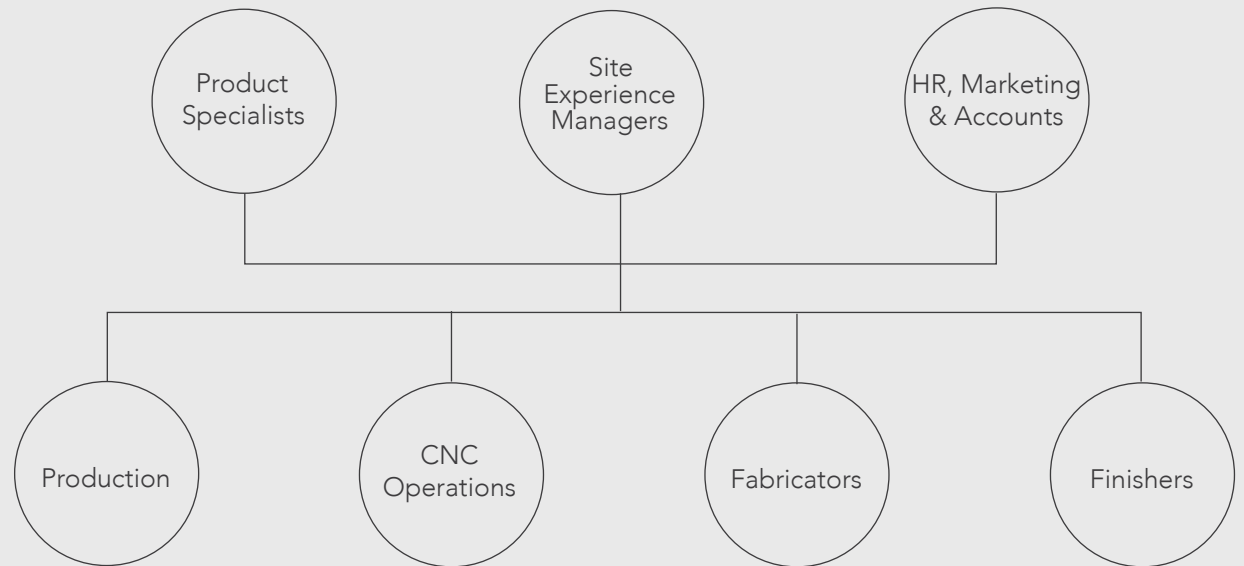

An architectural technologist by trade, our Managing Director, Andrew Hatt, is very hands-on in the everyday operations of Infin8 Surfacing.

His architectural background provides unique insights into all of our projects, streamlining the process while constantly pushing design boundaries. Andrew leads both Craft Furniture and Infin8 Surfacing out of our shared manufacturing facility in Maitland.

THE EXCELLENCE GROUP

Infin8 Surfacing is brought to you by The Excellence Group

The Excellence Group is a collective of owner-run residential interior companies specialising in award-winning design, manufacturing, and project installation. Our portfolio blends premium local and international products—including luxury kitchens, wardrobes, internal joinery, handcrafted timber and upholstered furniture, internal door systems & paneling and a wide range of natural stone and engineered surface applications.

We serve both residential and commercial clients with innovative expertise that transforms visions into reality, guiding projects seamlessly from concept to installation.
